Re: Snitzer, et al. v. The Board of Trustees of the American Federation of Musicians and Employers' Pension Fund, et al., No. 17-cv-05361-VEC

## Dear Judge Caproni:

Please accept this supplemental submission in response to the argument raised by Defendants that they prudently kept Plan participants informed of the Plan's financial status. *See* ECF #184 at 26-29 & ECF #185-15, 185-16, & 185-17.

In our responding brief we noted:

An internal Milliman document that Milliman designated "attorneys' eyes only" under the Protective Order entered by the Court provides relevant information regarding the adequacy of Defendants' disclosures. Plaintiffs will request that the Court permit Class Counsel to publicly file that document so Class Members and the Court can evaluate the Parties' respective disclosure arguments based on a balanced record.

ECF# 196 at 26 note 20. Milliman has now agreed to remove the attorneys'-eyes designation. The document at issue and the related deposition testimony of Milliman's lead actuary on the AFM account, Bob Beher, are attached as Exhibits 1 & 2.

The document is a Milliman January 2016 draft PR strategy document designed to control reaction to the Trustees' upcoming belated disclosure about the Plan's looming insolvency. The first page of the draft states: "Overarching Goal: To engage participating employers and participants in open, honest communication." In response, Mr. Beher wrote in an editing comment: "Can we say straightforward or direct? Honest sounds like we have been hiding the ball, which we have but we don't need to point

that out." The second page has a similar PR statement: "Start open, honest communication about the status of the plan." In response, Mr. Beher wrote in an editing bubble: "Same comment here and later as prior page about this word [honest]."

Mr. Beher's candid statement is 100% consistent with the claims asserted by Plaintiffs and objectors that from 2010 – 2106 the defendant Trustees were "hiding the ball" about the Plan's looming insolvency from Plan participants, and 100% inconsistent with the arguments Defendants continue to make.

Thank you for Your Honor's consideration of this additional information.

Respectfully,

Steven A. Schwarts

### American Federation of Musicians and Employer's Pension Plan

Communications Roadmap (11/1/16)

## **Overarching Goal**

To engage participating employers and participants in open, honest communication about the status of the Plan.

#### **Communication Objectives**

Participants and employers:

- Aren't surprised by critical and declining status designation
- Understand how we got here
- Know that Trustees have taken proactive steps to secure the future of the Plan and will continue to do so
- Are aware that many other plans face similar challenges
- · Have the background information necessary to make an informed decision (vote), if it comes to that
- Understand the business case for preserving the Plan even if that means additional measures need to be taken
- Appreciate what the Plan continues to provide
- . Understand what the impact of any changes and/or the status of the Plan may be for them

Commented [BB1]: Can we say straight/orward or direct?

Commented [BB2]: We have this as a footnote but should we devote some more space to this question here. We presume they will mail to participants but foot? Show that we can assume they would send to employers in advence so we should discuss.

Commented [BB3]: Same comment here and later as prior page about this word

Commented [DF4]: Is this feasible and realistic? There might be a few key employers where it makes sense to strengthen the relationship with more frequent contact and info

Commented [BB5R4]: Not sure who that might be outside the employer trustees but we can ask. They have 6,000 contributing employers

Commented [DF6]: Ask Bill: is there more than just the main website?

Commented [BB7R6]: There is the plan web site and I doubt they would want this poption in more than one place. To the extent there are other web sites where participants might want to ask questions, perhaps links to the ATMEPP web site could be provided.

Commented [BB8]: Seem to be some words missing

Commented [BB9]: This timing seems really ambitious for a video for this group since I doubt they will sign off on anything at the meeting without a more robust proposal

Commented [BB10]: What is difference between this row and prior row?
